

Jackpot 1235C

Briefing

"Down the Rabbit Hole"

This is a non-traditional Jackpot. During the opening, enter Wonderland by sending your dog down the rabbit hole (take a tunnel) and the next two obstacles are worth double points. All obstacles, including the tunnels, may be taken twice successfully for points. Back to back obstacle performance is permissible as long as it is done safely. The tunnels themselves cannot be doubled.

The first horn signals the start of the closing. Obstacle counts reset, and all obstacles are worth regular points. The Finish Jump is live after the first horn, or if you direct your dog to it to end the run early. Dogs must pass through the Finish eyes to receive a time, even if the jump bar is down.

The Start and Finish are bi-directional.

Points values as follows:

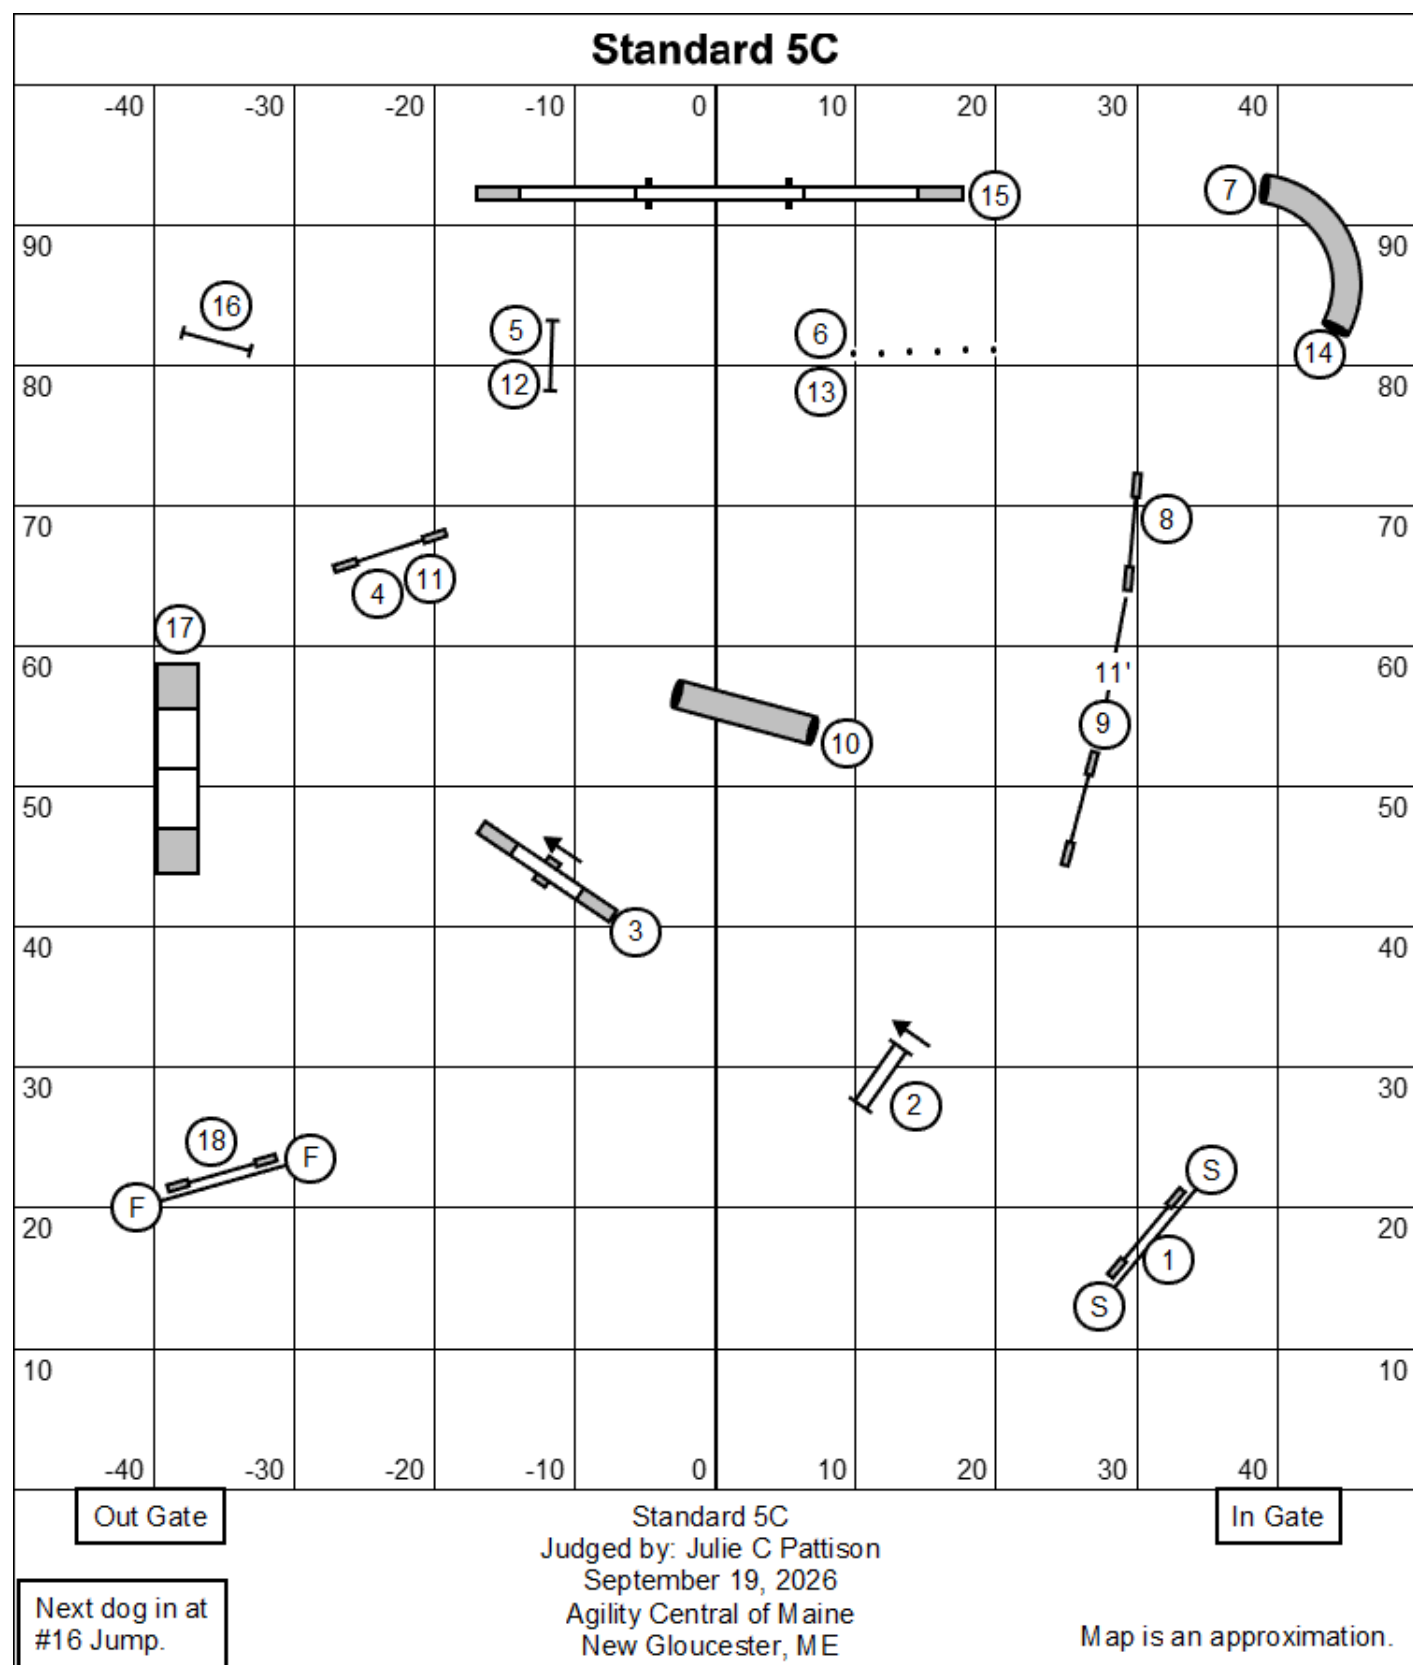

1 point: Single Bar Jumps
3 points: Tunnels, Weaves, Double Jump
5 points: Teeter, Wing Jump Combo, Dog Walk, Finish Jump (only at the end of the run)

Points for Reg/Vet

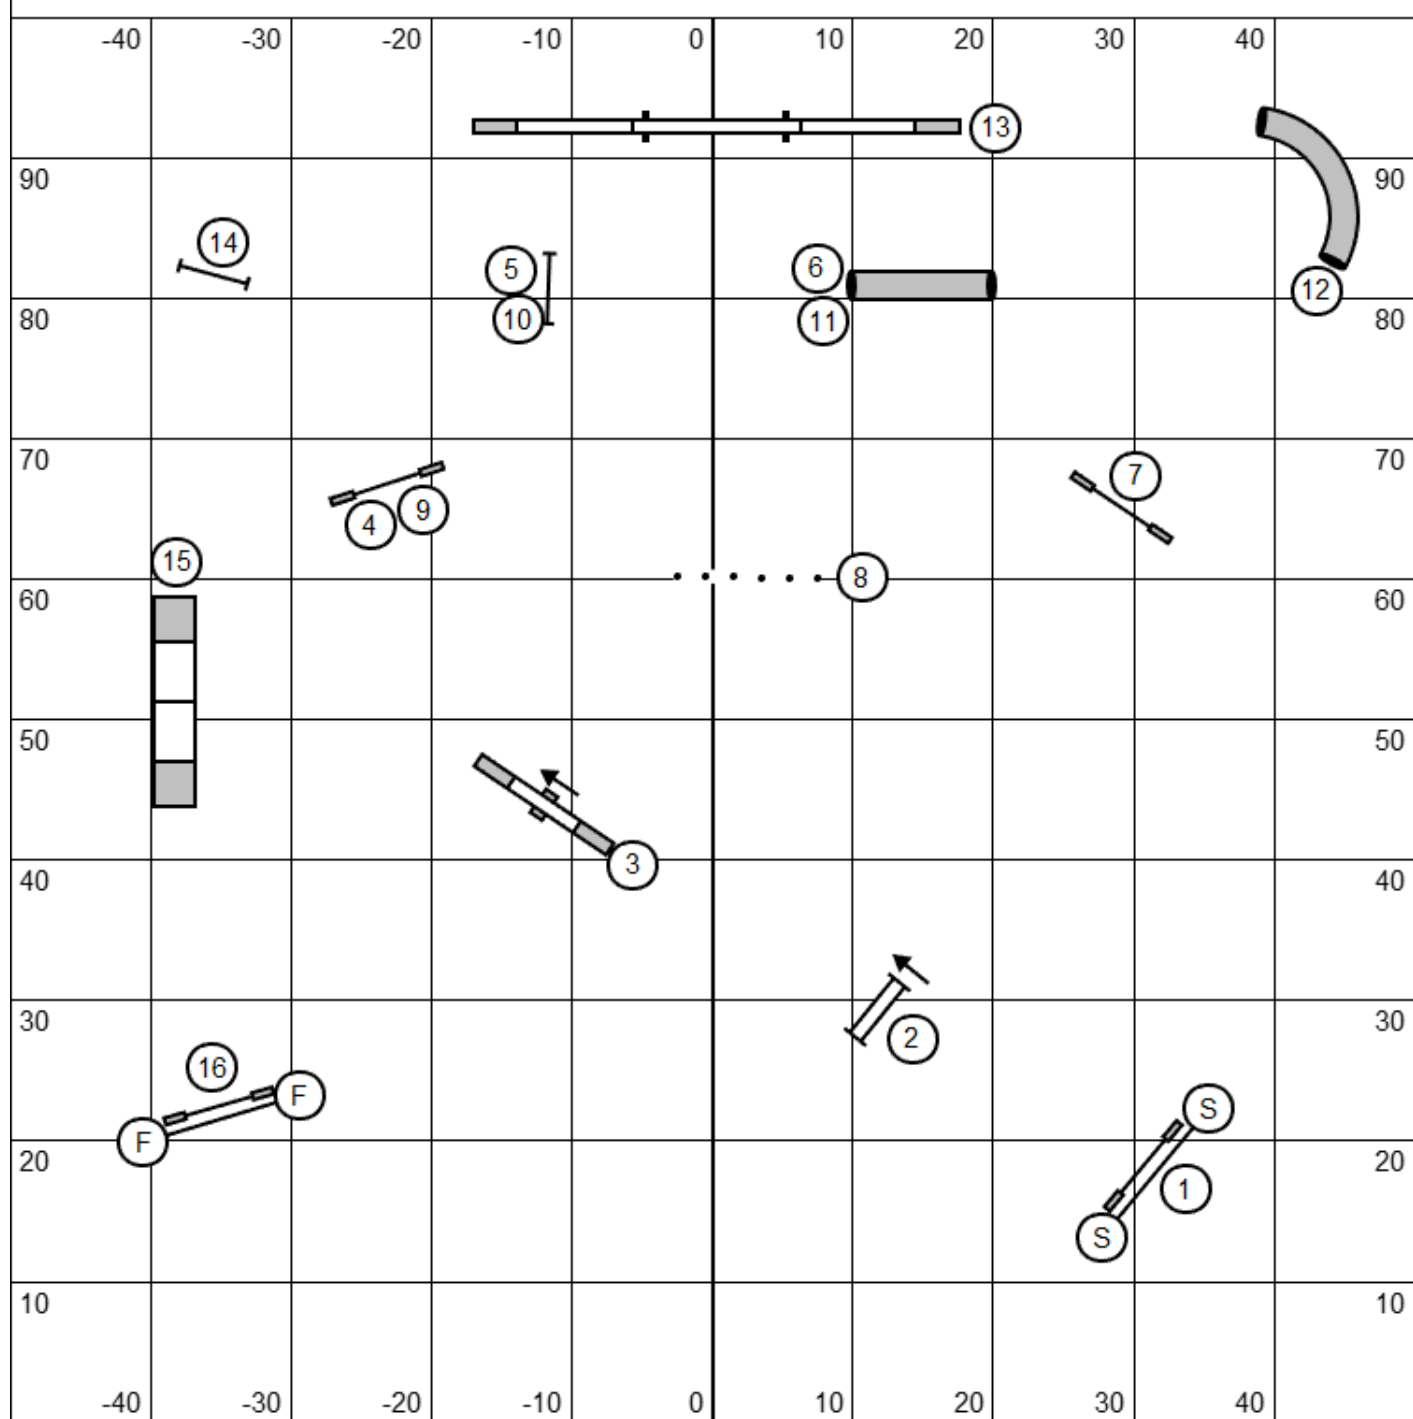

Level 1 32 points
Level 2 36 points
Level 3 40 points
Level 5 & C 44 points
Enth/Spec need 2 fewer points.
